

Product data sheet

Printer S 220/W

Plastic self-inking band stamp

Aplicaţii

New design as the Printer series. The pre-punched index card, protected by an index-window, shows the complete imprint. Stopper feet prevent the stamp from sliding away while stamping. For all versions only one size of spare pad is needed – this saves space and reduces the storage costs.

Standard Pad

Imprint

Ambalaj

| Tip ambalaj | Greutate/kg | Bucăţi | Lungime | Lăţime | ÎnăIţime |
