
	<h3>Printer 50N/2 SET</h3>											
	<p>Plastic selfinking DIY stamp with 2 combi–logo sets in different sizes and maximum 8 lines.</p>											
<p>Aplica#355ii</p>	<p>The Printer with patented x–large image window allows a lot of possibilities for creation by modifying the image card (logos, design, colours). Excellent for changing postcodes, addresses, telephone numbers, etc. DIY stamps give you the flexibility which is needed nowadays. The new generation of DIY stamps produce clear imprints with a character height of 3,5mm and actual pictograms. You can usually set one line more than with most similar products.</p>
